18th March 2020

Dear Parents/Carers

We have been informed by Welsh Government that schools will be closed from Friday **20th March 2020**. Johnstown Primary School will therefore close **this Friday** afternoon until we receive further guidance from Welsh Government. Our website, Schoop and Twitter will be regularly updated to keep you informed during these unprecedented times.

Please see the link for the Welsh Government announcement below:

<https://gov.wales/statement-minster-education-kirsty-williams-school-closures-wales>

Tomorrow I will send guidance to parents regarding online learning via the Hwb and learning packs to help maintain key skills during this period of school closure. If your child is absent **and you have no access to the internet**, please contact the school office to arrange for a pack to be sent to you.

Yours sincerely

K McComas
Head Teacher
