### Consent for Web Publication of Work and Photographs

All pupils use computer facilities including Internet access as an essential part of learning, as required by the National Curriculum.

I consent that my child's work may be electronically published on the main school website or the school's other social media channels.

### Consent for Internet Access & Publication

I consent that my child can access the Internet in school. I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials and are using the network filters provided by the Local Authority to block inappropriate material. I understand that the school cannot be held responsible for the content of materials accessed through the Internet. I agree that the school is not liable for any damages arising from use of the Internet facilities.

Occasionally, we may take photographs of the children at our school. We may use these images in our prospectus or in other printed publications that we produce, as well as on our school website. We may also make video/DVD or webcam recordings for school-to-school conferences, monitoring or other educational use. From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Students will often appear in these images, which may appear in local or national newspapers, or on televised news programmes.
